CAR SHORTAGE CAUSES WATERMELON EMBARGO

Cars Are Held Too Long on Team Track Before Being Unloaded, Is Claim.

In order to keep the team tracks clear, an embargo has been placed on all incoming shipments of watermelons, according to information given out by freight officials of the Central of Georgia Railroad Friday.

The accumulation of melon cars on Atlanta tracks has caused congestion on account of the great number of cars which have been routed through Atlanta for re-assignment to other points. That the embargo will not affect the local market is the opinion of many produce dealers who claim that it will give them an opportunity to dispose of the surplus of melons now on hand. Shipments to Atlanta can only be made by securing special permits, showing that the consignee has no cars standing on the tracks.

company had asked for an increase of 25 cents per thousand cubic feet. A readjustment of rates was allowed to the Montezuma Telephone company. This included some increases and some decreases.

The gas company at Waycross, which recently secured an increase of rates from the railroad commission, has notified that body that it would probably be necessary for them to go out of business altogether and surrender their charter. They said that with the price of coal what it is it is practically impossible for them to make gas at a profit at all.

Owners of Property Condemned by U. S. Call Price Unfair

Owners of a tract of 51.36 acres of land at Camp Gordon, which was condemned recently by the government, filed a motion for a new trial Friday, on the grounds that the verdict by a jury in the federal court Tuesday, which awarded the owners of the land a price of \$175 per acre for the tract, was not substantiated by the evidence introduced by the government.

The claimants of the property are the Fulton County Home Builders, the Southeastern Investment company, Mrs. Nellie Conway and C. B. Howard. Hearing on the motion for a new trial has been set by Judge Samuel H. Sibley for 10 o'clock this morning.

THIRD MARKET DAY PLANNED FOR WEEK

Whether three city market days a week will supplant two as has been the rule heretofore, will be decided Saturday morning at a conference of members of the governing committee of the market and the farmers.

It is more than probable that another day will be added to the week's activities of the curb market. The vicinity of the market is always crowded on the days that it is open and farmers find little trouble in disposing of all of the products that they bring in.

Tuesdays and Saturdays are the present market days and if another is added, Thursday will likely be selected. The market will be open as usual Saturday from 6:30 until noon.

BUSINESS IS ACTIVE AT MARSHAL'S OFFICE

Total disbursements by the United States marshal for the northern district of Georgia for the quarter ending June 30, 1920, were \$48,806.12, according to a report given out Friday morning by Marshal Claude Bond. These figures show an increase of more than 100 per cent over the disbursements for the quarter ending June 30 of last year. From April 1 to June 30, 1919, the total disbursements were \$15,556.79.

A consolidation of the individual reports of the various deputy marshals of the district show that during the quarter 445 arrests were made under process, and 33 were made without process. The number of witnesses subpoenaed was 2,619, and 111 writs of commitments were executed.

With the completion of the reports for the quarter and for the fiscal year, which ended on June 30, the vacation season for the department begins.

METHODIST STEWARDS PLAN ANNUAL OUTING

The Atlanta Methodist Stewards' association will hold its annual July outing meeting at Hapeville church Tuesday night at 7 o'clock. John W. Hardwick is president. A large attendance is expected.

Held as Shoplifter.
E. Peavey, who gave his address as a downtown hotel, was arrested Friday evening by Call Officers S. H. Gresham and Grover C. Pain, on the complaint of a Marietta street merchant, who accuses Peavey of shoplifting. The article involved, and which Peavey is alleged to have taken, was a pocket handkerchief. The case was turned over to Detective Hornsby and Howell, who found a number of curious implements and parts of locks and machinery of various kinds in Peavey's possession. A large number of ties and belts—the belts being somewhat too large in size for the prisoner.

Negro Convict Escapes.
Will Jones, negro, serving a sentence at the Bullwood camp for robbery, escaped Friday evening according to information furnished the police department and sheriff's office. Jones was convicted in Fulton county.

Emory Unit Pays Tribute To Madame Raguin Today

The members of the Emory unit will assemble Saturday afternoon at a barbecue to be held on Dr. E. C. Davis' farm, near Buckhead, on the 10th road, at 2 o'clock. This will be the second reunion. The first reunion of the Emory men was held last year and practically every member of the unit was present. It was announced that the reunion will be made an annual event.

Dr. Frank Boland will preside and act as toastmaster after dinner is served. Several gifts will be presented Madame Henri Raguin, of France, in appreciation of her volunteer work with the unit while in France. Madame Raguin acted as a volunteer nurse with the Emory men during their entire stay in France, is now in Atlanta, and will be the guest of honor.

She will be presented with a certificate from the trustees of Emory university signifying their gratitude. Bishop W. A. Candler, making the presentation. E. R. Black will present her with a certificate and medal in behalf of the American Red Cross, and Dr. Fred Hodgson will tender a silver cup as a token of lasting appreciation from the members of the unit.

Leutenant Fletcher, who was under the care of the unit after suffering injuries which deprived him of both legs, will be present and make a short talk. Twyman Mattingly, an enlisted member of the unit, and Miss Ruby Ruby, one of the nurses with the unit, will also make short talks.

The following poem, entitled "A Hymn of Service," has been written by S. Twyman Mattingly, of the Emory unit, as a tribute to Madame Henri Raguin. "The Mother of the Emory Unit."

Behold the morning new
With light full piercing through
The skies that are their wondrous
Hues revealing
And in the heart of things
The voice of morning sings

We saw her day and night
And in the harder work we found
her sharing
And thus we hall her name
And loudly now proclaim
That hers was service far beyond
comparing.

With hand that never tired
She lifted and inspired
The sick to health in way 'most
unbelieving
And all that she would heed
In way of worldly meed
Was to be told a task of harder
weaving.

And so 'twas often said
That wounded men abed
Had through the shadows found in
further seeing
That she was outer sign

Of thoughts that are divine
And thus they held her more than
mortal being.

And thus upon this day
We sing this humble lay
As part of all the praise that we
are voicing—
But ah, the voice is weak
When soul to soul would speak
Of something that is real in its re-
joicing.

And she shall ever be
Within our memory
As one who walks the ways of high
befriending
And never shall she part
From our innermost heart
For ours is friendship that can
know no ending.

Is Your Skin Ablaze With Fiery Itchings?

Don't Continue to Suffer Because of Wrong Treatment.

At last science has determined the real source of all skin diseases, and with this enlightenment comes the reason why the prevailing treatment heretofore used has proven such a complete failure. It has been proven that impurities in the blood cause millions of tiny disease germs to set up their attack on the surface of the skin, and in the form of pimples, boils, scaly eruptions and itchy, burning irritations, begin their disfiguring and destructive work.

Being in the blood, these disease germs can be reached only through the blood, and local applications

have no effect whatever. That is why salves, ointments, lotions, washes and other remedies applied to the skin, can do no more than give merely temporary relief. Soon the fiery itching breaks out again, for such treatment cannot reach the source of the trouble.

If you want genuine relief from the tortures of skin diseases, lose no time in discarding all local remedies, and begin taking S. S. S. today and you will be delighted with the results.

You can get S. S. S. at any drug store, and if you write to our physician he will gladly give you full instructions about your own case.

Atlanta Census Increases Women's Responsibility

BY ISMA DOOLY

The statement made in the morning paper that the census figure reveals the fact that there are 7,610 more women in Atlanta than there are men, adds to the responsibility of Atlanta women to apply their rights of citizenship. Of this extra number, there is the proportion who will have the right to vote, and they should be reached with the message that they must register before July 29 if they vote in the white primary.

The weakness in the organized effort of women so far in this community, as in many others, is that even with all the organizations there are and all the activities of women, a question whether the average woman has yet been reached with any message. It is only when the average woman is reached, and registers and votes, that woman's real strength in the community will be tested.

It would be interesting, therefore, as well as directly helpful, if the organized women of Atlanta, by some method, could get this message to the women of every ward; that this time left to them to register is short, and that they will have to register in order to vote.

Good women meet each other in their clubs, reading circles and teas, and every one of them declares she is going to register and vote. These same groups meet and pledge themselves to the code of good citizenship, but do they not realize that though they are representative women they do not represent all the women of the community—and that it is all the women of the community who must be reached with the message to register.

The papers continually carry the

THE CAUSE OF HIGH MORTALITY IN INFANTS

It is estimated that around 300,000 babies die annually in the United States, and that fully two-thirds of these deaths are caused by diarrhoeal diseases or complications. These disturbances in baby's stomach and digestive organs are due mostly to improper feeding, which throws a poison into the system. This poison, unless eliminated, makes a mighty sick baby.

Sports Bobby Jones Defeated in Semi-Finals by Evans

Edited by
Cliff Wheatley

Spectacular Match Is Lost By Jones in Gallant Fight Against Veteran Evans

By HERBERT CALDWELL.

Memphis, Tenn., July 16.—(Special.)—Emerging triumphantly from a bitterly fought golf match, Bobby Jones, Jr., of Chicago, and Clarence Wolf, of St. Louis, find themselves in the finals of the Memphis Country Club tournament, which will be determined over the thirty-six-hole match tomorrow. Trailing by the largest margin that ever witnessed a golf match in the state, Evans downed Bobby Jones, Jr., of Atlanta, by the narrowest possible margin in the match ending on the thirty-sixth green.

In the other semi-final match Wolf won over Henry Wenzler, the 17-year-old Tennessee champion, 3 up and 10 holes. Evans will rule a dominant choice in tomorrow's match with Wolf, and predictions of a final made that the former national and open champion will further add to his laurels by winning the western amateur for the fifth time since 1909, the year which introduced him to America as a major champion.

The Evans-Jones match will be long remembered in the history of golf in this section of the country. It was the first time Jones had ever competed for the western title, and the first time he ever opposed Evans in individual combat. The morning round ended with the match all square. At the 10th hole, Evans led by a margin greater than one hole. The lead was maintained throughout. Both were playing strong golf, the medal cards gave each a 78.

Jones was the first to win a hole in the afternoon playing the 350-yard second in perfect form. Evans evaded the match with a birdie two on the short fourth, next was halved, both being in trouble and Evans went into the lead by winning the 437-yard, sixth. Far three brought only halves at the next, after which the Chicago veteran won the eighth and ninth, and the round was either player in the latter, his high mashie pitch being two inches from the cup at the turn Evans was enjoying the rather comfortable lead of 3 up and 9 to go, the 10th and 11th halved in ordinary figure. At this stage of the battle the youthful Atlanta star began a spurt, that threatened to carry the day for southern golf, his midiron second was dead to the pin and his opponent was taking a five.

A crescendo of cheers suggesting a successful rally at a baseball game rather than a golf match greeted the southern star when he won the next four with a par four, cutting another hole off.

Finals Open For American Olympic Team

Cambridge, Mass., July 16.—The greatest aggregation of American athletes ever assembled in this country began a two-day competition for places on the United States Olympic team in the Harvard stadium today. The first round of the event had been completed here of an American victory at Antwerp last month ran high. While no world or American records were broken, the average of the performance was exceedingly high, notwithstanding that the athletes held themselves in reserve for the more important contests of tomorrow.

A major portion of the program was given over to junior amateur athletic union championships, in which three records were displaced, and the standard of the junior competition was carried to unusual heights. These contests were followed by several series of elimination trials in the senior A. U. championships, which serve also as final try-outs for the American Olympic team, which will sail for Belgium within the next ten days.

Chief interest today centered in the preliminary heats of the Olympic tryouts, every event being victoriously contested by the finest field of athletes ever seen on the Harvard track.

"Ted" Meredith, the individual star of the Stockholm Olympics and holder of world's records, aroused a future of applause by winning a heat in the 400-yard run in 49 seconds. Howard Drew, the 3-5 sprinter, who is joint holder of world's record of 9.3-5 seconds for the hundred yards, won second place in the heat in both the 100 and 200 yards sprints. Drew was expected to win the 100 meters at Stockholm, but after qualifying in the semi-final heat pulled a tendon.

The site of the field entered in the various senior and 440-yard runs, the 440-yard hurdles and the half-mile run. When the final heat had been completed in the twilight, forty-six place winners out of a field of more than 100 athletes still in the running and will fight it out in the semi-finals and finals tomorrow. Recapitulation by sections shows that the exact placed twenty, the middle west fourteen, the far west eleven and the south one in the trials of today.

All the new junior marks are in field events. Louis A. Watson, a negro member of the Alpha club, of New York, set at 6 feet 2 inches the record for the high jump, one inch higher than it had been done previously at a junior meeting. In the discus throw, three men bettered the record, which had stood seven years, and the toss of 136 ft. 4 inches by William J. Bartlett, University of Oregon's football star, became the new mark. The hop, step and jump of Kaufman of the University of the Ninety-second Street Y. M. H. A., New York, was nearly a foot better than the record made eight years ago. Geist's combination effort was 46 feet 7.2 inches.

In the senior championship 800-yard trial heats, Lieutenant Don M. Scott, U. S. A., the sensational runner of Mississippi, 2 M. of several years ago, finished second in the third heat.

William Coughlin, of Sewanee, won the senior 440-yard hurdles, time 56.4-5 seconds.

The junior championship javelin throw was won by Jack Maham of Texas A. & M., distance 176 feet 7.2 inches. A. Phillips, of St. Stanislaus College, Mississippi, took third place with 160 feet.

F. L. Skidmore, of Sewanee, was third in the junior championship 56 pound weight contest, his distance being 26 feet 3 inches.

J. Moss, University of Texas, finished third in the junior championship 150-yard high hurdles.

Benefit Golf Tournament At Druid Hills Club Today

The last of the golf tournaments for the benefit of the Home for Incurables will be played at the Druid Hills Golf club today, play to begin early this morning and to continue throughout the day. According to the committee of ladies in charge of the affair, several hundred dollars have already been raised and today's meet is expected to result in many more dollars that will be expended for the welfare of the inmates of this splendid charitable institution.

The tournaments resulted from the desire of the various golf and country clubs of the city to aid in this task of providing the helpless patients at the home with some of the comforts of life, and the committee of ladies has labored long to perfect the details of the tournaments.

The first tourney was held at East Lake, followed by one at Brookhaven. It was planned to hold tournaments at Druid Hills last Saturday, but the heavy rain knocked out the plans and the meet was postponed.

One Hundred Entries. We are informed by the committee that approximately 75 entries have already been received for the Druid Hills tournament, and as the country began a two-day competition for places on the United States Olympic team in the Harvard stadium today, the first round of the event had been completed here of an American victory at Antwerp last month ran high.

While no world or American records were broken, the average of the performance was exceedingly high, notwithstanding that the athletes held themselves in reserve for the more important contests of tomorrow.

Resolute and Shamrock IV Will Sail Second Heat Today; Both Boats Damaged in Opener

Sandy Hook, N. J., July 16.—Repairs on the cup sloop, Resolute, whose throat halyards parted in yesterday's race when victory over the Shamrock IV seemed well in hand, proceeded rapidly today and there was every prospect that the defender would be in readiness for another bout in the America's cup match off Sandy Hook tomorrow.

"We will complete our work of adjusting new halyards today," said Robert W. Emmens II, managing owner. A new metal rail was to be slung on the Resolute, and Captain Charles Francis Adams, the cup yacht skipper, did not seem unduly chagrined over the accident that robbed him of a fine chance of victory.

Nat Herreshoff, designer and builder of the Resolute, made a careful inspection of the 75-footer and superintended the repairs on board. Herreshoff had no comment to make on the performance of the Shamrock IV. Sailors on the Resolute declared the Lipton challenger cannot lift the cup, pointing out that in the 15-mile beat to windward yesterday in light airs, in which the Lipton sloop is supposed to show to best advantage, the American racer beat the Englishman's boat without any advantage that might have come from a time allowance of six minutes 40 seconds, which Resolute is allowed over a 30-mile course.

The Shamrock's crew were happy today aboard their tender Killarney while Sir Thomas Lipton beamed with fine good humor on visitors who called to congratulate him on board his steam yacht, the Victoria.

The accident to Resolute, coming on top of three other major mishaps earlier in the season—the loss of the mast off New Haven, the breaking of the jaws of the gaff and the carrying away of a topmast off Newport—had a tendency to somewhat shake the faith in the ability of the Herreshoff creation to hold together until the end of the season.

It was shown, however, in yesterday's race that the Resolute exhibited better weatherly qualities and that in the light airs she is several minutes faster up the breeze than Shamrock IV, although it was on just such conditions that the challenger was supposed to be superior.

The two yachts have yet to test their relative abilities down the breeze, or broad off under large reaching sails. This is expected to come tomorrow in a 30-mile race over a triangular course.

Shamrock Damaged.
Sandy Hook, N. J., July 16.—Shamrock IV, sustained an accident to her bowsprit shortly before the finish of the first America's cup race yesterday, which had it occurred earlier in the contest with Resolute, would have left the challenger in as helpless condition as the American defender, which had to withdraw because of broken halyards which allowed her mainsail to sag.

TOM SHEEHAN HALTS RALLY BY BEARS IN NINTH FRAME AND CRACKERS WIN BATTLE

BY CLIFF WHEATLEY.

With every backstop occupied by hostile pastimes and with only one man down, Tom Sheehan, known locally as the "old master," relieved his staffmate, Lefty Suggs, in the ninth inning and retired the Braves without any damage resulting. As a consequence, the Crackers took the first game of the day schedule with Mobile by the rather small count of 1 to 0. Fulton, the right-handed ace of Coleman's aggregation, was the losing twirler, and the game he dropped was another of his losses.

Until the ninth inning Suggs was getting away with a brilliant performance. He had been touched for eight softies, but the Bears lacked the ability to get out a run, and he at any opportune moment, and Suggs had little difficulty in keeping the opposing runners from getting beyond the third stop on the long trail.

Felding of Duane. It is extremely doubtful if Fulton could have turned in a four-hit card had it not been for the spectacular work of "Moon" Duane in the right garden. Duane has always fielded a fine game in Atlanta, but he went one better yesterday and played the best outfielder we have seen in some days. His robbery of High and Mills of triples was a crime heinous enough to land him behind the bars for life, and we're wondering why the gallant police officers that attended the game permitted the former Auburn star to get away with such open handiwork.

The Crackers and Fulton in the first inning, and sent across the only tally of the game. Martin took a clean single to center and scored when Fred Smith clouted a two-base hit to left center. Smith made an effort to stretch his hit, but a good throw to the hot corner nabbed him by several feet.

Bears Have Chance. In the third inning the Bears had a chance to score, but High's throw to Smith was perfect and Allen was caught as he slid into third. With two men out in this inning, Allen secured his second hit, the game by knocking a single through Martin at short.

On the hit and run Mulvey played a long single to High in right, a quick whip catching Allen at third.

After putting a man as far as the fifth inning the bats of the Bears were stilled for a couple of innings, but, when the eighth frame things looked very equally for Atlanta's great southpaw, Fulton, first man up, singled to left.

But was forced to second when Fulton spoiled a sacrifice hunt by hitting straight to Suggs. Suggs fled to first, but Fulton, with two hits already to his credit, singled to center, and Fulton singled to center, Golvin, hit to Damrau, who booted, and the bases were loaded.

After a short conference, Suggs was sent to the bench and Sheehan assumed charge of the situation. Mulvey popped out to Martin, and Robert, batting for Fulton, went out, Damrau to Kauffman.

The Bears looked better than they did on their last visit to Atlanta, and played errorless ball through the nine innings of yesterday's encounter. A little more hitting and they would again come near the top of Fulton outpitched Suggs in the first inning, allowing only two hits after the initial frame.

Martin's Batting. Two of the Crackers quartet of bingles came from Jack Martin's bat, the local short fielder adding to his glories by playing a complete game at his position. Frank Smith and Harry Damrau were other of the Atlanta infielders who kept busy chasing the drives of the Braves.

Pitcher Hald was chased from the game in the eighth inning, Umpire "Steamboat" Johnson taking on a \$10 fine to make Hald's complete plate. The outing resulted from certain remarks Hald is alleged to have made following a close decision at second. Hald denied making the statement, declaring one of the fans in the stands was the offending party.

Northeast Georgia League

Gainesville Beats Buford. Gainesville, Ga., July 16.—(Special.)—Gainesville won from Buford here yesterday by the score of 7 to 2 by superior hitting in the pinches. A feature was Brown's stop of a hot liner at short for a fast double play.

Score by innings: R. H. E. Gainesville 7. 000 000 000-7 2 0. Buford 2. 000 000 000-2 7 0. Batteries—Dean and Simpson; Frost and Rawson. Umpire, Griggs.

COVINGTON WINS IN ELEVENTH FRAME Covington, Ga., July 16.—(Special.)—Covington defeated Rutledge here today in an exciting eleven-inning game by the score of 5 to 4. Lee and Luck featured the game by their heavy hitting, each securing three hits out of four times up. The work of Barnes at short was sensational, making the prettiest catch ever seen on the local diamond.

The resulting scores of the two series, with Birmingham and New Orleans will probably clinch the second and third place steps in the chase. Should the Crackers manage to get the breaks for the majority of the games or even hold their own with the two leading contenders for the place just under Little Rock, they will be able to hold their own in any company presented by the rival clubs till the close of the season.

Tough Proposition. The Crackers are up against a tough proposition in that they have a total of thirty-four games on the road with only twenty left for the local back lot. The road gamings will carry the Crackers into practically every town on the circuit before the close of the season. The road trips will be the great difficulties, for the schedule makers seem to have in mind the final driving power of the Crackers when they put them against the heavy teams of the circuit during the flag end of the campaign.

In the thirty-four games on the road games are scheduled as follows: New Orleans, 8; Birmingham, 7; Mobile, 7, and three each with Chattanooga, Little Rock, Nashville and Memphis. The only bright spot in the remainder of the schedule is the home stay, with the weaker teams of the list as our guests in the majority of the twenty games. Nashville and Memphis each come down for one contest at Ponce de Leon. Chattanooga and Birmingham take three days each, and the pace-setting Travelers stay for four days here with the probability of playing off the two games postponed here earlier in the season. The Smith-Seaton deal. Other postponed games will be squeezed in during the short stays at home.

During the past six home stay the Crackers have jumped into the limelight with the best record of the year by coping ten straight and getting thirteen out of the last fifteen games played on the home lot. The wins saved the club from an obscure seventh place into second place and a fighting chance to overhaul the Travelers.
